June 20 2002

Dear Mr. VanClief:

Please consider Mrs. Sally Mott as a recipient of the Commemorative Medal for the Queen's Golden Jubilee. Sally has spent more than forty years actively working in the youth organizations of our community. She is presently in her twelfth year as a Civilian Instructor at the Belleville Sea Cadet Corps where as the Administrative Officer she maintains all of the behind the scenes records and documentation that allows a corps of 100 Sea Cadets to function. On retirement from her many years working for the Hastings and Prince Edward School Board, she has applied those same skills to keep our corps on the right course. In addition to the more than 60 days she documents beyond the 21 paid days per year as a C.I. Sally can be seen leading the way for the band at every parade, supervising at weekend activities and always making sure there is lots to eat for the cadets. In the years prior to becoming a Civilian Instructor Sally worked actively on Navy League Branch activities. As Flotilla Coordinator she was responsible for organizing the flotilla competitions bringing all of the Sea Cadet Corps in the area together for activity filled weekends. Throughout the summer months Sally works with the Sea, Land and Air Cadet Transport accompanying cadets across the country to the various training establishments.

Sally and her husband Jim are well known in the Quinte area for the many years they devoted to working with the Cubs and Scouts in Belleville.

Sally has consistently and quietly been the driving force that has helped form the foundation for the youth of our community. The Belleville Branch of the Navy League strongly supports her nomination for the Golden Jubilee Medal

Sincerely,

Carol Taylor
Sea Cadet Chairperson
Navy League of Canada, Belleville Branch
